Forest first ready

For every page Large Format printer's customers print, HP protects, restores and manages forests in equal measure*.

*Forest First: HP works collaboratively with our partners including WWF, Conservation International, Arbor Day Foundation and other agencies to manage, restore, and protect forests in many countries around the world. every print - regardless of paper brand - is addressed through HP's Forest Positive Framework to counteract risks of deforestation. HP brand paper is sourced only from certified responsibly managed forests or from recycled content. For other brands of paper, HP invests in forest restoration, protection or management projects in key regions, sufficient to balance any paper used by HP customers that may not have been responsibly sourced.
