11-13 February 2019 | Hotel Pullman, New Delhi, India

EXHIBITOR'S MANUAL

Dear Colleague,

It is my great pleasure to share with you that Geosmart India 2019 marks 22 years of the journey for Geospatial Media & Communications for connecting communities, developing geospatial business and serving better policy environment within the domain. These two dynamic decades have witnessed significant evolution in the technology and its applications. It has been our privilege to be a part of this momentum and contribute our bit to this technology revolution. Going by the sustained belief of our partners in our platform, we are truly humbled to have been a part of your journey and collectively growing the geospatial industry, which is now one of the fastest growing industries globally to reckon with. We take it as our serious responsibility to continue this sustained association and will always strive to raise the bar to meet your expectations.

As we prepare to enter the new era of transformation, Geospatial Industry too acknowledges the advent of the 4th industrial revolution that is marked by automation, connectivity, predictive analysis and action, powered by technologies. Geosmart India 2019 conference and exhibition this year will highlight the role and relevance that location or spatial technologies will play in this new direction that human race has already set forth towards.

We are excited to welcome you all and are looking forward to learning new insights from your displays this year. Thank you for choosing Geosmart India 2019 as your business partner to showcase your offerings to the global geospatial community. In the next few pages, you will find comprehensive information on all you need to know about exhibiting at Geosmart India 2019 taking you through the processes and deadlines in an easy-to-use format. Should there be any further queries or clarifications, please do not hesitate to get in touch with us. Our entire team is available to make your participation memorable.

We look forward to working with you during the next few months to ensure you have a successful show.

Best regards

Anamika Das

Possession of Exhibit Space

Exhibitors using any contractor other than the official stand construction contractor for their stalls will get possession, only if drawings / designs for their stands have been approved by the organizer and the performance bond/security deposit is in place.

Possession of space will be given to exhibitors who have provided security deposits cheque of INR 50,000 in the name of Geospatial Media and Communications Pvt. Ltd. to Tarun Kumar by 11 February 2019. The cheque will be returned to the exhibitor just after the exhibition gets over and no damage in the property is made. This cheque will be submitted by the contractor of raw booth, if the contractor is other than official contractor.

Plan approval

Exhibitors who have reserved 'raw space' and using a contractor other than the official stand construction contractor, must submit the layout design of their stands, for approval by the organizer. This is to prevent costly alterations on site, which may be required by the hall owner and the organizer. **Deadline to submit the booth design for approval is 11 January 2019.**

These plans shall include elevation drawings. One set of drawings duly approved or with suggested modifications, if necessary, will be returned to the exhibitor. Actual construction and display in the stand must strictly conform to the drawings approved by the organizer.

Carpentry

Contractors and exhibitors are requested to strictly observe that carpentry inside the halls during build-up is not permitted. Only assembly of the display and minor finishing/touching up is allowed. Contractors violating this guideline will be prevented from continuing work on the exhibitors stand inside the hall. **It is mandatory to use an old flex sheet or plastic sheet on the ground before starting the installation of your raw booth.**

Completion

Installation of stands /booths should be completed by 1600 hrs on 12 February 2019. General cleaning of the exhibition hall will be carried out immediately thereafter for the Hall, to be ready by 0900 hours on 12 February 2019, for inauguration of the exhibition.

Exhibitor facilities

Size (SQM)	Table	Chair	Light	Power point	Dustbin
9-17	1	2	3	1	1
18-26	2	4	4	2	2
27-36	3	6	5	3	3

Photo impression shell scheme. Other options are possible.

➤ Please Note:

- No rebate will be given if the exhibitor decides not to avail any of the above shell scheme provisions
- Exhibitors must order for furniture and extra power supply if required over and above the above entitlement, which will be on paid basis. Please refer to the order forms available on the website of Geosmart India 2019.

Booth Inspection

Inspection of the booths will be carried out continuously during build-up procedures to make sure that exhibitors have received the services ordered, and to see if the instructions of and on behalf of the organisers and the Pullman have been taken into account.

Technical Specification

Below are important technical specifications related to the use of your exhibit space, the standard stand construction package, and the exhibition area in general.

Building Height

- ❖ The building height is 2.50 meter for all shell scheme stand walls and the objects inside the stand should not be more than 2.50 m. (height measured from the floor of the hall, not from a technical/raised floor).
- ❖ For higher raw booth more than 3 m, permission is required from Organiser by submitting the design of the stand before 11 January 2019.

Floor Material in Exhibition Area

Objects in a shell scheme stand should be placed at a minimum distance of 0.75 m inward from the stand front, side and back lines. For objects higher than 2.50 m permission is required from Organiser.

If you wish to bring a display system (e.g. pop-up display) to put up in your stand, please inform organiser with exact measurements (height x width in meter) so we can check if it fits in view of possible height restrictions.

Electricity

For raw space, power connection from the main distribution box (DB) inside the exhibitors' area will be provided by the official contractor commencing 12 February 2019. All the raw booth exhibitors are requested to fill the electricity form available on the website for their electricity requirement by 11 January 2019.

Connection to the exhibitor's equipment from the distribution box (DB) inside the exhibitor's area will be operated by the exhibitors. A work completion-cum-listing report must be provided to the official electrical contractor after the exhibitor has completed his work by 12 February 2019 by 0600 hrs.

Each shell scheme stand will be provided with electric power at one or more main points depending on the requirement. Exhibitors should use distribution boards, individual isolation switches for exhibits, and insulated cables or metal conduits for connecting power supply to the exhibits.

Exhibitors who use power for general lighting and running of equipment/exhibits in excess of their specified load will attract penalties and/or disconnection.

Exhibitors must install separate and independent switch connections for each exhibit. Alternate connections are not allowed. Power load is not allowed to be taken from the sockets.

All the main electrical supply points must kept easily accessible for operation and repairs in the event of emergency. Main electrical supply points should not be concealed or covered.

Exhibitors are advised to install equipments voltage stabilizers/UPS for their sophisticated equipments.

Exhibitors are advised to exercise the highest level of safety precautions and engage the services of only qualified professionals for electrical wiring and installations.

Audio Visual

All audio visual enquiries for exhibition stands can be requested directly from the preferred partner for Audio Visual services via the Exhibition AV Order Form, this will be subject to an additional cost based upon requirements. All ordering, payment and logistics should be coordinated directly with the preferred partner.

Plug, Sockets and Adapters

Regular Indian plugs and sockets are used in Delhi. Adapters (13 Amp.) can be purchased from the open market.

Suspension and Rigging

The height of the hall does not allow suspensions and rigging. No fixing is allowed to be made to the floor, walls, pillars or any other part of the building.

Delivery and Removal of Exhibits

The delivery and removal of exhibition goods, with the exception of hand-carried materials, should take place via the loading platform of exhibition hall. Following instructions apply for the delivery and loading of goods.

- ❖ The unloading/loading area is limited. Empty vehicles cannot be left on the loading platform under any circumstances at any time.
- ❖ Exhibits will NOT be allowed to be taken out of the exhibition halls during the exhibition period.
- ❖ Removal or delivery of exhibition stock in or out of the exhibition hall is not permitted during the open hours of the exhibition.
- ❖ Such removal, delivery or replenishment of stock may only be carried out before opening hours in the morning or after closing time in the evening. If you wish to remove any item, a “GOODS REMOVAL PASS” must be obtained from the venue duly signed and stamped by the organizer.
- ❖ **Goods removal pass:** At the close of the exhibition, in order to remove your goods smoothly, safely and easily, the following paperwork must be carried out. Make 4 copies of an itemized list showing equipment and material required to be exited from Pullman. These copies must be on the exhibitor company’s letterhead, duly stamped with the company’s official seal and signed by an authorized person. Get all copies attested and stamped by **Geosmart India 2019 organizer**.

Waste

Exhibitors are advised not to throw waste material from their stands on the aisles. Empty cases /crates should not be left in the aisles to ensure the safety of all SHOW participants.

Storage and Waste Materials

The organizer will not provide storage facilities in the hall for packing cases, surplus materials or other property of the exhibitors. Arrangements for safekeeping of such items must be made with the freight forwarder.

During move-in, construction of stands and removal of exhibits, the passageways in the exhibition halls must not be obstructed with packing materials, construction materials or debris. Contractors are responsible for removing their own cuts-offs and waste on each day of build-up and breakdown. **Use of passageways behind stalls for storage of empty, waste or surplus material is strictly prohibited.** The organizer reserves the right to invoice exhibitors for excessive packing materials and discarded crates or cartons lying behind the stall area.

Dismantle Of Exhibits

The halls have to be handed over to the Pullman promptly on the final day of break-down. Exhibitors must ensure that their exhibits and stand materials are removed by 2000 hrs on 13 February 2019. The organizer will dispose off any items remaining in the hall beyond this time, and the management will not accept responsibility for any loss or damage. Costs involved will be borne by the defaulting exhibitor.

Stand Number and Final Allocation

Stand locations and stand numbers will be (re-)confirmed by Geospatial Media and Communications Pvt. Ltd. in case it is necessary to change an exhibitor's stand number or stand location, the exhibitor will be notified immediately.

Personal Belongings

All exhibitors / participants must take care of their personal belongings at all times. The organizer will not be held responsible for any damage / loss etc.

As it is not possible to provide complete protection against theft, exhibitors should ensure that their exhibits are properly insured. We do remind you that you are responsible for your exhibits at all times and that they will be at greatest risk during buildup and breakdown. Do not take chances with your valuables- once they are lost, it will be very difficult or impossible to recover them. The organizer will accept no responsibility for losses or damages of any kind. Keep your passport, exhibit goods and laptop etc. under your strict supervision at all times.

Rules, Instructions and Regulations..... Section 3

Rules, Instructions and Regulations

- ❖ Raw space exhibitors / contractors will be responsible for the proper behaviour of the contractor, if the contractor appointed is other than the 'Official Contractor'.
- ❖ The exhibitors/ contractors will also have to bear any charges (If it goes beyond Rs. 50,000 security deposit) levied by the venue Pullman for damages caused to property, walls, flooring, etc.
- ❖ Exhibitors' contractors are requested to avoid designs blocking and boxing-in other exhibitors' stands. The back wall shall never be left unsightly
- ❖ Exhibitors / contractors are not permitted to fabricate or build from scratch, stands inside the halls. They should prefabricate and fit sub-sections of the stand inside the hall. Only finishing and touching up of paint (not entire painting) is permitted inside the hall.
- ❖ Exhibitors/contractors must ensure that finishing/ painting of the stand does not result in spillage.
- ❖ Exhibitors / contractors must remove cut-offs and debris from inside their stand, and ensure that the stand is completed by 0600 hrs 12 February 2018.
- ❖ Exhibitors' contractors are not allowed to block the aisles inside the hall. Packing cases and crates belonging to contractors and exhibitors and material lying on the aisle will be removed under the instruction of the organizer at the exhibitor's cost.
- ❖ No part of any structures may extend beyond the boundaries of the stand allocated to the exhibitor by the organizer.
- ❖ A finished back wall, except in the case of an island or peninsula stand, must be provided.
- ❖ Where 'raw space only' stands rest on a shell scheme package stand, the walls of the shell scheme package are not be utilized by the 'raw space' exhibitor.
- ❖ Nailing or puncturing the shell scheme panels is strictly prohibited. Any such damage will be made good at the expense of the exhibitor.
- ❖ In case of heavy equipment, the maximum height of 2.5 mts. can be permitted in the hall.
- ❖ **Raw space exhibitors are requested to take approval from the organiser for exceeding the height of their booth more than 3 meters.**
- ❖ We would highly recommend that you practice caution with regard to the move in / build up and tear down / move out phase of exhibition. We recommend the following additional precaution actions to be taken and enforced to contractors and exhibitors to minimize the damage to the Centre

- Protection of the carpet by old carpet or plywood for the movement of heavy duty trolley during move in and move out.
- Protection of the carpet on the aisles with plastic sheet, plywood or used carpet during build up
- No sanding, sawing, metal cutting, major painting and major construction allowed

Force majeure

If due to force Majeure or other unavoidable circumstances, the organisers are forced to cancel the exhibition, the exhibitor will not be entitled to claim damages or compensation of any kind. The organisers reserve the right to reschedule the event in the interest of the exhibition.

Insurance for contractors & service men

Exhibitors are liable to cover their own staff and the contractors they hire for booth set up and dismantle for any physical damage on site. In case of any mishap, the organisers will not be liable to bear any such damages.
